

HAREL BON C

JUNIOR FRONTEND DEVELOPER

Aspiring Frontend Developer with hands-on experience building responsive web applications using React, JavaScript, HTML, and CSS. Passionate about developing clean, maintainable code and continuously learning modern web technologies. Currently expanding my expertise in React, Git, GitHub, and Vite through personal projects while applying strong analytical, communication, and problem-solving skills gained from previous professional experience.

- GitHub

DESIGN

- Adobe Photoshop
- Canva

PRODUCTIVITY

- Microsoft Office (Word, Excel, Powerpoint, OneNote)
- Google Workspace (Docs, Sheets, Drive)

SOFT SKILLS

- Problem Solving
- Analytical Thinking
- Attention to Detail
- Fast Learner
- Team Collaboration
- Time Management

PROJECTS

Debt Payoff Calculator

July 2026

React • JavaScript • Vite • CSS • Git • GitHub

- Built a responsive debt repayment calculator using React and Vite.
- Calculates monthly principal, interest, remaining balance, and generates dynamic amortization schedules.
- Implemented React Hooks (useState) for state management.
- Displays payment history dynamically using array mapping.
- Managed source code using Git and GitHub with regular commits.
- GitHub Repository: github.com/harelcornel/debt-payoff-calculator
- Live Demo: debt-payoff-calculator-self.vercel.app/

WORK EXPERIENCE

Virtual Assistant

May 2026 - Present

Legal Support Help (Extensive Training)

- Managed digital records, documentation, and databases while ensuring accuracy and consistency.
- Coordinated with clients, medical providers, insurance companies, and internal teams to support daily operations.
